

## THE MESSAGE OF THE WINDOW

A stained glass window is a masterpiece of beauty and symbolism. The love and dedication expressed by Singspiration in song is now and forever made visual in the lasting beauty of the window.

Two choir members appear in the window. The girl is in concert dress and the boy is in the costume of the *Spirit* performance. These figures represent the many voices that have been and will be part of the choir. The flute and guitar symbolize the instrumental music of Singspiration.

Jesus supports the choir members, his hand on their shoulder to guide them. On his cloak is a clasp containing the letters, "IHS". This is monogram for, "In His Service". The cross symbolizes his sacrifice and gift of eternal life. The church symbolizes the dedication and fellowship of all its members that serve as Singspiration's foundation. The outdoor setting represents the beauty of God's nature and our appropriate thankfulness.

The symbol of the Holy Spirit as a dove crowns the entire composition. Singspiration's songs witness the everlasting love and encouragement of Jesus. The action of the Holy Spirit in the early Christian church was the subject of the *Spirit* performance. The Holy Spirit is the divine presence that fills Singspiration with a voice of singing.

Calvary United Church, London, Ontario
